OBJECTIVE

Aspiring Software Engineer with strong hands-on experience in full-stack web and mobile application development, focused on building scalable, maintainable, and user-centred software solutions. Proficient in modern development frameworks and technologies, with additional exposure to data science and machine learning techniques for data analysis and insight generation. Seeking opportunities to contribute to high-quality software projects while continuously improving technical and problem-solving skills.

PROJECTS & EXPERIENCE

LoanLytics — Islamic Finance Calculation Platform | [https://loanlytics-comprehen-flrf.bolt.host/\(2025\)](https://loanlytics-comprehen-flrf.bolt.host/(2025))

- Developed an AI-powered Sharia-compliant loan and profit-rate calculator.
- Ensured financial accuracy with automated processing and user validation.
- Built a responsive web interface for a seamless user experience.
- Technologies: React, TypeScript, Tailwind CSS, Supabase, Bolt.new.

OceanGate — Real Estate Management Platform | [https://oceangaterealestate.netlify.app/\(2025\)](https://oceangaterealestate.netlify.app/(2025))

- Built a multi-role platform with admin, agent, and buyer dashboards.
- Managed property listings, approvals, and secure payments.
- Implemented role-based access control for data security.
- Technologies: React, TypeScript, Tailwind CSS, Supabase, Stripe.

JUSMOV — Movie Streaming & Review Platform | [https://jusmov.netlify.app/\(2024\)](https://jusmov.netlify.app/(2024))

- Designed a streaming and review platform with a full admin panel.
- Enabled users to browse, watch, and review movies.
- Managed content, users, and platform data efficiently.
- Technologies: React, TypeScript, Vite, Tailwind CSS, Supabase.

Somali Students Community, Albukhary International University | A.S.S 2024 – 2025

- Managed budgets and financial records for student activities.
- Oversaw event funds, ensuring transparency and accountability.
- Prepared financial reports and monitored expenditures.

EDUCATION (Oct 2023 - Present)

Bachelor of Computer Science (Honours)

- Albukhary International University, Malaysia | CGPA: 3.18 | October 2023 - Present

ADDITIONAL INFORMATION

TECHNICAL SKILLS

- **Languages & Frameworks:** HTML, CSS, JavaScript, TypeScript, Tailwind CSS, PHP, React.js, MERN Stack, Android (Java), SQL,
- **Tools & Platforms:** WordPress, Git, VS Code, Jupyter Notebook, Anaconda, GitHub, Excel, Supabase, Bolt.new, Lovable AI, Tableau,
- **Other Skills:** Responsive Design, SEO Optimisation, Data Visualisation, Machine Learning, Data Analysis,
- **Languages:** English, Somali,

SOFT SKILLS : Communication skills, attention to detail, time management, problem-solving, and adaptability.
